The limitations and information contained herein either supplement or, in the case of conflict, override those in the aircraft flight manual.

Flight Tests have demonstrated that this aeroplane fails to achieve the performance scheduled in the Aircraft Flight Manual.

The corrections listed below must, therefore, be applied to the flight manual performance information whenever it is used, in addition to any other correction which may be applicable as indicated by the text.

**PERFORMANCE CORRECTIONS**

1. Increase the take-off distance by 5%.
2. Decrease the scheduled rate of climb by 100 ft/min.

*To be inserted in the Aircraft Flight Manual facing page 5.0 of Section 5 and the CAA revisions record sheet amended accordingly.*
